

Partner Program

A Smarter Way to Support Recovery, Wellness & Revenue

Help clients feel the difference in just 20 minutes

Tera-P90+ PEMF

Recharge. Restore. Reconnect.

Ever heard about PEMF?

Modern life has pulled people further away from balance.

Stress, screen time, poor sleep, and daily overload leave many feeling tired, tense, and out of sync.

PEMF *Pulsed Electromagnetic Field technology*

is designed to support the body's natural recovery process with gentle pulses people can experience in just 20 minutes.

Clients often come looking for:

More natural energy

Better rest

Faster recovery

A greater sense of balance and calm

For practitioners, it's a simple way to add a wellness service that fits easily into an existing business.

Who Is This For?

Chiropractors

Acupuncturists

Med spas

Recovery studios

Massage therapists

Wellness clinics

Fitness centers

Aesthetic practices

Simple to integrate. Easy to explain.
Designed for modern practices.

Why Clients Respond to It

People talk about experiences they can actually feel.

In as little as 20 minutes, clients often describe:

Feeling more relaxed

Better post-workout recovery

Improved rest

More energy and clarity

A greater sense of overall well-being

That's why this works so well in practice settings: when people feel a difference, they naturally want to tell others.

How Your Business Generates Revenues

The OlyLife Partner Program
creates 3 simple ways to grow:

Paid Sessions

Offer short PEMF wellness sessions
inside your practice and create an
additional service-based revenue stream.

Device Sales

Create retail profit potential through
device sales and performance-based
bonuses.

Automated Referrals

When clients have a positive experience,
referral activity can create added growth
through coded sales.

Potential Model

Paid Sessions

$\$75 \text{ avg} \times 6/\text{day} =$ **\$10,000**
/month

Device Sales

**Retail profit +
performance bonuses**

Automated Referrals

Earn **10%** per coded sale

10% Average commission

Many practices aim to add

\$25,000 – \$40,000

/month

**One device.
Multiple income opportunities.**

Built for Confidence

Adding something new to your practice requires trust.

That's why the OlyLife Partner
Program can be supported with:

A visual overview video

Testimonial videos and real
experiences

Certificates and supporting
documentation

Published research available
through PubMed

These tools help practitioners explore the program
with greater clarity and confidence.

Ready to Add Something New to Your Practice?

The OlyLife Practice Partner
Program is available by invitation.

If this feels like a good fit for your business, connect with the
partner who shared this brochure with you. They can walk
you through the program, answer your questions, and show
you how it may fit into your practice model.
